## New Infrared Body Treatment

**Perfect Body:** • Inch & Weight Loss • Tighten & Rejuvenate Skin • Helps Clear Cellulite • Body Shaping • Post Pregnancy Recovery • Stretch Mark Reduction • Improve Skin & Acne • Tones & Sculpts the Body, **All with Amazing Results!**

**Perfect Wellness:** • Pain Relief • Backaches • Arthritis • Relieve Chronic & Joint Pain • Menstrual Relief • Injury Pain • Stiffness • Fatigue • Insomnia • Improved Blood Circulation • Knee & Shoulder Pain

The secret of the infrared system is the way in which the infrared heat therapy activates the functions of natural enzymes and metabolism within the tissues, thus breaking up cold fat cells. You will burn off 1200 to 1400 calories per 50-minute session.

- The first and only to offer Infrared Body Treatments in Utah County!
- Relax and enjoy our private rooms with Big Screen HDTV & DVD with satellite system and adjustable bed.
- One of the most appealing aspects is that there is no need to remove clothing for an effective session. Light cotton clothing is recommended.
- This is not a tanning bed or tanning device.
- **The best of all is that the inch loss from infrared is permanent!**

NOTE: Perfect Tan makes no therapeutic claims. Our products are not intended to diagnose, treat, cure or prevent any disease, injury or illness. Please consult your personal physician before using any deep heating treatment such as the Infrared Body Treatment.

No more Surgery & Lipo!

No more Painful Lipo Injections!

No more Cellulite & Stretch Marks!

No more Chronic Back & Joint Pain!

"On average our clients lose a whole dress size in just 6 visits or less and more than 90% of our clients experience significant pain reduction after just one session."
