When it comes to treatment for children, every parent wants the very best. Trapnell Orthodontics provides just that.

Dr. Chris Trapnell, Dr. Brian Trapnell and Dr. Brandon Fairbanks are orthodontic specialists who have each received an additional two to three years of education beyond dental school to learn the proper way to align and straighten teeth. They provide expert care for children and adults at reasonable and competitive prices. They offer a comfortable atmosphere in state-of-the-art offices located throughout Utah County.

Dr. Fairbanks is pleased to announce his new office in Lehi located at 3300 N. Running Creek Way. Dr. Fairbanks' office is conve-

niently located just off the Alpine Highway making it easy for new patients to find.

Dr. Chris Trapnell has two beautiful offices to best serve the needs of his patients. His offices are located at 89 W. 900 North in Spanish Fork and at 1107 S. Highway 198 in Payson.

Dr. Brian Trapnell's new Springville office is located at 187 E. 400 South, and he is pleased to announce that Dr. Rdean Clark has joined the Springville office. The Provo Office is located at 3610 N. University Ave., Ste. 175.

Trapnell Orthodontics recognizes that every patient has different needs, and the orthodontic specialists pride themselves in the courteous and professional service they and their staff deliver to each per-

son who walks through their doors. Whether you're an adult, adolescent or child, Trapnell Orthodontics is committed to helping you achieve the smile you deserve — a healthy, beautiful one.

free medical advice

The American Association of Orthodontists recommends that all children get a check-up with an orthodontist no later than age 7. Although only a few orthodontic problems need to be corrected at that age, an early exam allows the orthodontist to offer advice and guidance as to when the appropriate age to start treatment would be.
